SENDING INSTRUCTIONS — WHITE HOUSE FAX

How to Fax Your Policy Proposal to the White House

National Experiential Civic Education Framework — March 2026

White House Fax Number: (202) 456-2461

Step 1 — Print Your Documents

Print the fax cover sheet (fax_cover_sheet.pdf) — 1 page.

Print the white paper (policy_white_paper.pdf) — 12 pages.

You will have 13 pages total.

Step 2 — Assemble in Order

Place the fax cover sheet on top.

Stack the white paper pages behind it in order.

Do not staple — fax machines feed pages one at a time.

Step 3 — Send the Fax

Load all 13 pages into your fax machine or online fax service.

Dial: (202) 456-2461

Send. The transmission may take several minutes for 13 pages.

Step 4 — Save Your Confirmation

When the fax completes, print or save the transmission confirmation page.

This is your legal record that the document was delivered.

Write the date and time on it and keep it with your campaign records.

Step 5 — Submit the Web Form the Same Day

Go to: whitehouse.gov/contact

Select recipient: The President

Paste the shortened message from your letter_trump.pdf into the message field.

This creates a second documented contact on the same day, which signals seriousness.

- eFax.com — low-cost online fax, no machine needed
- Your local UPS Store or FedEx Office — can send faxes for a small per-page fee
- Your local public library — many offer fax services
